

Publicity Report

In an effort to reach teachers who may be retiring soon, posters highlighting the benefits of membership in the NBSRTSJ were distributed to area schools. Thank you to members who helped with delivery of the posters to the schools following the fall luncheon at Lily Lake.

Newsletters were sent to the membership in the Fall, Winter, and Spring - 2012/13. Thank you to the branch executive and committees who submitted information about activities and items of interest and concern. A separate mailout about pension reform was sent to members in February.

Over 200 members receive their newsletters in the mail, but sometimes it is more convenient to receive the newsletters by email. If you are a "snowbird" you can stay informed about branch news while you are away!

Thank you to Kathy Dalling for up-to-date membership addresses and email assistance. Very few letters were returned "address unknown" by the Spring mailout. Please remember to keep us informed if your mailing address or email address changes.

Respectfully submitted,

Netta Chase
